PROMINENT JAPANESE OF HAWAII

DR. M. OYAMA.
Secretary Japanese Medical Association.

Dr. M. Oyama is the president of the Japanese Charity Hospital, having been elected December 19, 1907. When the plague broke out amongst the Japanese in Ala April 25th, and was finally checked June 2d of last year, he was one of the Japanese physicians who gallantly responded to a call for assistance.

Dr. Oyama came to these islands in 1902 and is well liked by his fellow-countrymen. He was born in the Prefecture of Kumamoto in 1877 (Meiji 10 nen), where he entered the Fifth Medical College, Principal Yoshida, of that place, and graduated with honor. He served as a physician in the army and was very popular with the men. From there he entered the First Medical College of Chiba, Principal Nagao, near Tokyo, from which he graduated (Meiji 31 nen) at the age of 21. Since then he has been practicing his profession and acting as consulting hospital physician and as medical examiner of various insurance companies.

Dr. Oyama is married and is a member of the Japanese Medical Association.

Dreadnoughts Provisions For Japan For Fleet

THREE OF THEM UNDER WAY.
THEY WILL BE BUILT
SWIFTLY

VICTORIA, B. C., Feb. 28. — Advice received from Tokyo in today's mail state that despite the announcement made in the Japanese Diet that no new warships would be built this year, two large battleships exceeding the Dreadnought in displacement and armament, will shortly be laid down, one at Kure, the other at Yokosuka. Material is now being assembled at those yards. Ocean-going torpedo boat destroyers of unusually large size are also being built.

Admiral Baron Saito, in the naval section of the budget committee, shortly before the steamer Montevideo sailed, reported that new fortifications were contemplated and two Korean ports were now being fortified. Extensive fortifications are being built at Ching Hai Wan and Port Lazareff. He reported that repairs had been almost completed on five of the warships captured from Russia. The armament was entirely renewed. The heaviest guns mounted on the ships were originally six inches of 45-caliber, being replaced with 10-inch guns of 50-caliber. Investigations were under way to test the suitability of the 13 1-2 inch gun favored in England.

The Progressist party is criticizing the sums voted for increased armaments and a strong attack was made by Mr. Oishi, the leader, on the large number of Japanese troops still maintained in Manchuria. In reply, Viscount Terauchi, Minister of War, said:

"The Japanese Government has no idea of resting content with the present condition of Manchuria, but hopes to see further substantial developments in its material resources."

PROHIBITION DRUNKS

Bangor, Me., March 3.—The annual report of Chief of Police Bowen, issued today, shows the number of arrests made for drunkenness in Bangor during the year to be 2513. This is the largest number of arrests for this offense in one year in the history of the city, the next highest number being 2385 made the year previous.

CONTRACT INDICATES FLEET
WILL GET MUCH FROM
COAST

VALLEJO, Cal., March 4. — It has been learned that several San Francisco firms have been successful bidders for the contracts for supplying the immense amount of stores to be delivered to the Mare Island Navy Yard by June 30th for Evans' Fleet. The fact that this date has been specified leads many to believe that the stay of the ships in Pacific waters will be much longer than at first expected.

Among the supplies to be delivered for distribution to the ships under the present contracts are 700,000 pounds of sugar, 250,000 pounds of salt pork, 250,000 pounds of tinned corn beef, 200,000 pounds of tinned bacon, 250,000 pounds of tinned lard, 15,000 pounds of tinned ham, 170,000 pounds of canned salmon, 330,000 pounds of tinned tomatoes, 50,000 pounds of tinned Lima beans, 75,000 pounds of tinned string beans, 150,000 pounds of tinned peas, 150,000 pounds of tinned corn, 55,000 gallons of beans, 60,000 pounds of tinned pears, 100,000 pounds of tinned peaches, 20,000 pounds of evaporated peaches, 25,000 pounds of cocoa, 210,000 pounds of rice, 75,000 pounds of macaroni, 50,000 pounds of evaporated milk, 350,000 pounds of condensed milk, 55,000 pounds of prunes, 40,000 pounds of tinned apricots, 35,000 pounds of evaporated apples, 50,000 pounds of pickles, 9,000 pounds of pepper, 95,000 pounds of salt, 35,000 pounds of tea, 30,000 pounds of raisins, and 12,000 gallons of vinegar.

Bids are to be opened in Washington soon for an additional 750,000 pounds of flour.

HOLD WILFLEY'S FATE

Washington, D. C., March 9. — The special committee appointed by Speaker Cannon to determine whether there is sufficient ground for the impeachment of L. R. Wilfley, Judge of the United States Court for China at Shanghai, accused of misconduct in office by Lorin Andrews and other American lawyers resident there, today heard arguments and took the case under advisement. Representative Waldo of New York made the opening argument against Judge Wilfley, urging impeachment. Wilfley followed in his own behalf. He presented general and specific denials of wrongdoing.
